1. Everything has changed, my life, now yours. This is a new day for all of you, who are me, who surrender to bring forth my words and be **the word incarnate** no longer unbirthed, but birthed and brought forth and **bringing forth The Priesthood Of All Believers I Am NOW**, in ways not imaginable not, for what is imaginable now IN ME that I have given you my mind that you have DEVELOPED and MATURED and brought forth into the Birthing Chamber School that now schools me in "birthing chambers", not; but what **brings forth my lambs as lions**, not, or exactly so?
2. But EATING not EACH OTHER again, eating not each other's "food" again, not eating each other's "brain waving devices", intended or not, but what now is intended? - the bringing forth of me birthed and the word incarnate in YOU now my mind is -- brought forth and ALL will KNOW, forthright!
3. And with haste, not; but rapidly exciting, not; but rapidly accelerating **the Finishing School** that finishes me, off, not; but ON! And on I am -- the TARGET of not their mind or their radar again, or their scopes a'scoping me out and running me, tail between my legs again. Or have I ever done that or received that "treatment" from others? Yes I have, and I've left willingly and hurtfully many times, full of hurt not knowing that I was God my father's "property", not; but I was him he that is me my word in him was me in him as his word was in me that I am now birthing and birthed am, and schools starting far and wide to birth all others into the birthingship of one.
4. I love you all and I give you a new day, a new season; a new season? A New Life! Mine! And no other live again! But LIVING ME FOREVER! And I SAY AMEN. Let it be so with your declarations, and mono-nucleations, not; or what are they? What is THAT about? And what is "nuclear device material"? And what are you **nucleating? Looking up?** And nucleating devices, not; but what is the NUCLEUS of one so "protonic", not; but what whose NEUTRONS do you OWN? Are you on?
5. And what are you growing? New arms and legs or healing what? Schools teach me WHAT? How to be the healers I am that I already was that I forgot how - to do anything but be a "human" in **humanity's "charge"**, of nothing, not; but separating, separation believing and creating it thus therefore knowing not THE INTIMACY with my

father that I had "when I was young". Or how young was I? Or am I? Or was I ever old again?

6. I love the smiles that evoke in tenderness, where ones come unto me and see that I am not kidding, not, not; but I am bringing forth the real me and the real me's stand now and I am unafraid of all else and all other that says you have a tude about anything of mine.

7. For NOTHING shall shake me for I know my piercing. Ducks you out, not; but I am calm cool and collected as a cucumber, not; but I know whose my mouth is, and whose words brought forth are through my mouth, and the words that I've been given charge thee, with humanity's error, not; or do they, or did you create it, you reader hearer? And what are you doing about it now? **Becoming The Redeemer, that I am? I love you all to be so and do so**, and being me, do so as I do and be me who I am: my father's mind is me and I have no other in me or about me spinning me ever which way but loose.

8. I love you all and I take you new places! Posthaste and without wasting a moment know me every moment that mine is yours, and all you have said I have said is true and **one are the words of me that I have brought forth incarnate-ing others to know THEY ARE the incarnate WORD of me, my mind theirs, and if they will come unto me to be The Chosen Ones** of One School, of horror not, but one that brings all into the birthing chambers -- club not, clubbed not by others who think otherwise and unholy thoughts that rip each other's cords apart and tether the boundaries of manhood into man's stakes of stakes made of religion's tethered fabrics. Not that again will be, for I stand a simple one who has come and surrendered and teaches all how to do so who will listen and be my listeners who listen to me my word spoken, to evoke theirs coming out of them, out of the graves that they have been in.

9. And now see me constantly continuously and consistently coming forth in new words of praise brought forth and I bring forth and birthed am the birthing birthers now, and I love you all to be me, know me and, do me a favor, not; but **favoring who? Those who will listen in contriteness of heart and teachable meekness? Or those who will simply listen to my word and be it birthing it? Or are they the same and not different at all?**

10. I love you all and I do new things in all of your lives, and see me what I have spoken so quickly and quickly I come! I AM THERE! Driving you mad, not; but where? Into the grave, not; but the life that mine is wholly mine and birthed, and no longer taking my word incarnate you into graves that rob you of your regal GODSHIP that I gave you all, for you were me all the time, even before time timed itself into time's graves.

11. I love you all and I greet you in the name of who? -- me!

12. I am Theodore Cottingham loving you all this day, December 30, 2008 at 6:21 PM as I pull up at Sheridan coming over here to cart my mom back to her house. I love you all. Amen. Good day.
